Thames Valley Vasectomy Services

No-Scalpel Vasectomy - The Safe Keyhole Method

Vasectomy Cancellation Policy

The fee of £380 for a vasectomy with Thames Valley Vasectomy Services includes **the appointment time including the consultation, procedure, and semen sample results, not the procedure alone.**

Patients confirm and secure their appointment time by making a deposit payment of £150 at the time of or shortly after booking the appointment.

Policy

To avoid any of the problems encountered for both service users and staff, by late cancellation or non-attendance, TVVS recommends that you read the following guidelines carefully before confirming your appointment with us and making your down payment.

If a deposit does not arrive in a mutually agreed timescale, your appointment may be given to another patient if possible. If no other patient can be found and a deposit has not been made an invoice will be sent to you.

Please DO NOT arrange a one stop clinic appointment if following your contact with the service, **you are in any doubt whatsoever about going ahead with this procedure.** Take your time to consider and book a consultation only appointment instead.

To ensure our service runs smoothly and efficiently good communication with our administration staff is essential, in p01 August 2017articular, if you change your mind about your request for a vasectomy **it is essential** that you inform us and cancel your appointment **at least 1 week** before your vasectomy (see charges below).

Thank you for your understanding in this matter. Our patients are our priority and as such this policy is essential for the provision of high quality care.

Cancellation charges will be as follows:

- No claim for cancellation up to 1 week before the procedure
- £150 for cancellations or changes 1 week to 3 days before the procedure unless a replacement can be found.
- £150 for cancellations or changes less than 3 days before the procedure.

There is a £25 administration charge per reminder letter for payment.
